Important changes to our products

We value your Brighter Super membership and strive to ensure the products and services we provide are relevant and valuable to you.

As a 100% member-owned fund, our focus is on keeping your fees low, delivering strong long-term performance, and providing advice and guidance so you can retire with confidence.

To continue delivering on this commitment, we've made changes to some of our products.

Summary of the changes effective from 1 October 2025.

- Investment options
 - Changes to the Strategic Asset Allocations and risk profiles of some investment options.
 - Change to the return target for the Secure investment option.
- Investment fees and costs and transaction costs The estimated investment fees and
 costs and transaction costs vary from year to year and cannot be precisely calculated in
 advance. On 1 October 2025 there were changes to some fees, depending on the
 investment option you are invested in.
- **Definition of 'Salary**'- Updated in line with the *Local Government Act*.

The notice below further explains the changes and what they could mean for you. You can also access this and prior notices at **brightersuper.com.au/sen**. You are not required to do anything, but we recommend you review these changes in case you would like to update your account.

To help you understand these changes, read our article at **brightersuper.com.au/news** that explains Strategic Asset Allocations and return targets.

Investment option changes

We continually review our investment options to ensure that investment outcomes reflect the current investment environment and asset allocation.

On **1 October 2025** we changed some of our investment options' targets and values, which include Standard Risk Measures, Strategic Asset Allocations, and return targets, as outlined below.

Changes to Strategic Asset Allocations

We continually review our investment options to ensure that the Strategic Asset Allocation is aligned with the return target of the option.

The table below shows the Strategic Asset Allocation percentages for each asset class for six of our investment options from **1 October 2025**.

Return target change - Secure option

As part of Brighter Super's investment option review, the return target for the Secure investment option has changed. By increasing the allocation to growth assets without moving the risk band, we aim to achieve a more effective balance between risk and return. This change helps us meet members' expectations for capital stability and ensures the option remains competitive with similar options when benchmarked against peers in the same category.

The Secure option's return target has been updated to outperform a weighted average return comprising:

- **16%** (up from 13%) from the MSCI/Mercer Australia Core Wholesale Monthly Property Fund Index
- **84%** (down from 87%) from the Bloomberg Barclays Global Aggregate Index (hedged to AUD)

The table below shows the new return target for the Secure option from 1 October 2025.

Option	Return Target
Secure	To outperform the weighted average return from the MSCI/Mercer Australia Core Wholesale Monthly Property Fund Index (16%) and the Bloomberg Barclays Global Aggregate Index (hedged to Australian Dollars) (84%) over rolling 10-year periods after investment fees but before taxes.

What do you need to do?

You do not need to do anything, but if you would like to review or change your investment option(s), you can do so at any time by logging in to your Member Online account at **brightersuper.com.au**.

You can find further information in the following resources:

- Product Disclosure Statement (PDS) for your account.
- Investment and Fees Guide for your account which also includes alternative ways to submit an investment switch.
- Investment Basics webinars available at brightersuper.com.au/webinars.

We encourage members to seek financial advice before making decisions about their investment options. Brighter Super members can receive limited advice on a single topic related to superannuation, such as choosing an investment option, at no additional cost.

Visit **brightersuper.com.au/advice** to learn more or book an appointment. If you already have a financial adviser, they can also help you make informed choices.

Investment fees and costs and transaction costs

We continually review our investment options to ensure that investment outcomes reflect the current investment environment and investment allocation.

From **1 October 2025**, the investment fees and costs and transaction costs for seven of our investment options changed. These changes reflect adjustments made to the underlying investments, as well as one-off transaction costs, such as stamp duty due to our investments in real assets.

The net effect of changes to the total investment fees and transaction fees has resulted in the Growth option decreasing by 0.05% and the Conservative Balanced option by 0.03%. Whereas the net impact of investment and transaction fees for the MySuper, Balanced and International Shares options have increased by 0.02% and Secure by 0.01%.

The Property option has seen a net increase of 0.10%, largely driven by transaction fees and costs associated with stamp duty from purchasing real assets.

All other options' investment fees remain unchanged.

The tables below show the overall changes to the investment fees and costs and transaction costs.

¹These are estimates only. Investment fees and costs are based on actual costs incurred in the previous financial year for our investment managers. Investment fees and costs include an amount of 0.00% - 0.18% for performance fees. The performance fees have been estimated by taking the average of the last five financial years. The actual amount you will be charged in each financial year will depend on the actual fees and costs incurred by the Trustee in managing the investment option/s for that financial year.

What do you need to do?

You do not need to do anything, but if you would like to find out more about our fees, visit **brightersuper.com.au/fees.**

Changes to the definition of 'Salary'

(For members employed by local government and associated industries)

On 1 July 2025 the *Local Government Act* was updated to change the definition of 'Salary'. From **1 October 2025** we amended the definition of 'Salary' to ensure alignment between the insurance policy and the *Local Government Act*.

²These amounts are estimates only and are based on historical costs as at last financial year. The actual amount you will be charged in each financial year will depend on the actual fees and costs incurred by the Trustee in managing the investment option/s for that financial year.

'Salary' means: for an Insured Member in permanent employment or engaged as a Contractor, the total of:

- their annual base payment (salary or wages); plus
- any commission, bonuses, overtime and/or allowances paid over the previous 12 months to the Insured Member by their Employer; or for an Insured Member who is self-employed and has an ownership interest in a business which is operating under a sole trading, partnership, company and/or trust structure (including an Insured Person who is an Employee of their own company or trust) their share of the net income before tax of the business (i.e. business income less business expenses) in the financial year prior to the Date of Disablement, directly due to their personal exertion.

Further information is available in *Insurance Guide – Local Government and Associated industries* available at **brightersuper.com.au/pds**.

This change may affect insurance cover and premiums as cover amounts and premiums are calculated on the salary provided by the employer.

What do you need to do?

You do not need to do anything, but if you would like to review your insurance cover option(s), you can do so at any time by logging in to your Member Online account at **brightersuper.com.au**.

What do these changes mean for me?

You do not need to do anything; these changes automatically took effect on 1 October 2025.

These changes reflect our ongoing commitment to providing exceptional value and support for your brighter retirement.
